PWS1920240703

The BLH NOBEL KIS 1 load cell is extremely precise and robust and it is resistant to very high lateral forces. The KIS 1 cell is easy to install and has a moveable loading point and a 10 meter 4-wire shielded cable. KIS 1 load cell has a wide range of application: large silos and scrap baskets, reactors and mixers, conveyor belts and high capacity force measurement systems. KIS 1 load cell is also available in ATEX version certified for use in explosive atmospheres.
